

13th November 2024

Dear Parent/Carers,

We are hoping to recruit one of the parents or carers of our young people to join us on the board of governors at Waterside.

The purpose of the governors is to aid and challenge the head teacher in ensuring that pupils attending Waterside receive the best education we can offer in a safe and supportive environment.

We propose to meet once a term at the school where we will cover topics such as teaching and learning, safeguarding, finance etc - in fact, anything and everything which affects the running of the school and the education of our pupils.

We have governors from the senior leadership team at the school, the local authority and the community, but we really would like your input to offer your unique perspective on how we move forward.

No formal qualifications are needed - you already have the most relevant attribute; in that you have a child at the school.

If you would like to know more about this role, please don't hesitate to contact the school and we can discuss this further.

As Waterside moves towards academisation its certainly an interesting and challenging time for all concerned so I hope you will give this matter your consideration.

I look forward to hearing from you
Kind regards

Bernice Harvey
Chair of Governors
